

SPECIFICATIONS

General Information

- Designed to seal 4" diameter cable openings in new and existing server rack cutouts to block bypass airflow and maximize cooling system efficiency
- The split feature of the HotLok Round Rack Mount Grommet allows product installation or removal without disturbing cables
- The grommets contain no loose or partially fastened parts which can become separated or fall into the rack
- The grommets are impact resistant and durable
- HBT Membrane Layer ensures maximum air containment
- HotLok products are compliant with directive 2002/95/EC of the European Parliament and the Council on Restriction of the Use of Certain Hazardous Substances in Electrical and Electric Equipment (RoHS)
- Durable ABS frame and Hybrid Brush sealing surface can be used for years
- Color – Black

DIMENSIONS

- Overall size – 5.60" diameter x .7" thick
- Product height above rack - .40"
- Maximum thickness of plate at rack install location - .0625"
- Usable cable area – 9.6 square inches

FINISHES

- Color – Black

MOUNTING

- Simple snap in place installation saves time and labor and requires no downtime
- Round grommets enable hole saw installation
